**Bachelor of Business Administration (B.B.A.) |South College | 2024**

Technology Professional 6 | DSDT | 2026 | Currently Enrolled

CompTIA Network+ — In Progress | CompTIA Security+ — In Progress | CompTIA CySA+ — In Progress

Self Study Boot.dev | Data Analyst Curriculum | In Progress

Python | JavaScript | Git & GitHub | Linux / Command Line | Programming Fundamentals

## PROFESSIONAL EXPERIENCE

**Assistant Maintenance Chief | 8th Engineer Support Battalion | U.S. Marine Corps | 2016–2020**

Led personnel and coordinated maintenance operations in a mission-critical environment requiring strict adherence to procedures, accountability, documentation, and operational standards. Prioritized competing requirements, identified and resolved equipment and operational issues, maintained technical records, and communicated requirements across personnel with varying levels of technical experience. Trained and mentored team members while monitoring work, maintaining follow-through, and supporting operational readiness.

**Founder & Sole Proprietor | Mystic Dragon Keep | 2024–Present**

Manage an online e-commerce operation with inventory exceeding 28,000 items, overseeing digital records, operational processes, technology-driven workflows, customer service, and issue resolution. Analyze inventory and sales data, identify discrepancies and process issues, implement improvements, and maintain accurate documentation while independently managing competing priorities and following issues through completion.

**Independent Contractor | Walmart Spark Delivery | 2026–Present**

Manage time-sensitive operations using mobile technology, GPS, routing applications, and digital platforms. Troubleshoot application and operational issues, maintain accurate records, adapt to changing requirements, and communicate effectively with customers while working independently.

**Tax Associate | H&R Block | Seasonal | 2025**

Assisted customers with tax preparation while following established procedures and maintaining accuracy, confidentiality, and compliance requirements. Reviewed financial documentation, identified discrepancies, resolved issues, and communicated complex requirements clearly to customers.
